Newsletter - January 2021

Greetings, and a Happy New Year to all of our friends. I bless you in the wonderful name of Jesus Christ our Lord and soon coming King.

Boy am I ever glad that 2020 is over... you too?! Oh my goodness what a crazy year it has been. On top of everything we witnessed this past year, I believe we are going to witness greater, and even unprecedented things taking place in America, and the world. Ever hear the phrase, "whatever happens to America happens to the world"? It's true. America has been a dominant source of stability everywhere we placed our feet for the last century. America was known as the guardians of peace, through strength, throughout the world. We kept the "bad guys" at bay for our own safety, while supporting weaker nations longing for a democratic way of life and strong economies. And boy did we ever succeed. The world knew that we were a force to be reckoned with, and had a strong military to back it up. Everyone politician, Democrat and Republican alike enjoyed our status as a strong and independent nation. And it worked for a good long time.

In case you haven't noticed, there's a new "strong" wind of change blowing in America. The likes of which we have never seen in this country before. You probably have heard on most news channels, that efforts are now underway that will seek to undermine all of the good that has happened in the past four years... a great economy; lowest unemployment seen in decades, secure borders, oil independence; favor with multitudes of foreign governments; and of course our support of Israel, and so much more. The ramifications of these changes are yet to be realized, but you can be sure it will not favor America, its citizenry, or the world. How we live our daily lives will most surely change, and far quicker than anyone could ever have imagined. Change, whether we like it or not, is coming like a freight train. Watch and see!

Many of the countries that respected our Republic in the past, and even considered us friends will see that friendship fading. Multitudes of countries who have depended on us for both protection and support over the past 100 years, and are now saddened to witness the direction and decline of a once great nation. Friends, it will only get worse. Who will they turn to now? Who can they trust to have their best interest? Who will protect them against their enemies? Only those nations that contribute financially to the political machine will get a handout. The poor, developing countries, will simply suffer alone.

What you will witness throughout the world in the coming days, weeks, months, and years will terrify many of you, if your heart is not fully prepared. God has warned us about the coming calamities, wars, and rumors of wars. Is it "convenient" for you to continue ignoring his word, his call to you, the church? Now is the day of Salvation! You are probably wondering why so much doom and gloom. The fact is, what we are witnessing in our day was forecast/ prophesied thousands of years ago by men and women of faith. We simply ignored it for convenience sake.

Churches, should have been at the forefront confronting and preserving all that we hold dear. They have let us down, and deviated from God's mandate for righteousness. 1 Peter 1: 16 ...be holy, because I am holy. Israel suffered terribly because of the poor choices they made. Can we expect less?

ROCK SOLID TRUTH - Current Events

The international ministry of Rock Solid Truth is still dealing with Covid-19 issues, both in our country and the countries we've scheduled to minister in this year.

I have made flight reservations for Monrovia/ Liberia for the end of February and first part of March 2021. Please pray with me that we will get there as planned. The trip to India is still on hold, but we are hoping to get there sometime in the Spring. The trip to Pakistan will take place later in the year, if all goes well.

There is so much work to do and so little time to get everything done. Pray that we are successful in our efforts for 2021. Please do what you can to support these efforts financially if at all possible. The needs for bibles, food, land, livestock, and travel expenses are still very great.

The Power To Get Wealth

Question... How are you doing financially? Ouch, that hurt! Scripture tells us that there is a special blessing that comes upon those who use their resources/ finances to establish the Kingdom of God.

When establishing God's kingdom first, there is a supernatural, or divine flow of God's grace that takes place in your life. Your physical needs seem to get taken care of in ways that defy understanding. I have been in ministry for over 30 years and have never once seen the Lord forsake me. He loves me and takes care of me as his child. I have always been faithful to give/ tithe to the Lord. Sometime it has been difficult, especially when you don't seem to have two nickels to rub together. I give anyway. Why, because scripture tells me in Luke 6:38 ...Give and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give unto your bosom.

According to scripture, there is only one purpose for obtaining wealth, that we may establish his kingdom. The concept is so simple and yet profound that very few of God's children neither grasp it, or walk in it. I invite you to participate in giving and witness God's hand of Grace. By the way, it is important that you put your financial seed in good ground. We hope you find that Rock Solid Truth is good ground.

If you don't like prosperity, don't give. God's prosperity brings no sorrow with it. You'll sleep good at night.
